The office shall verify the independent certified public accountant's report on applying the agreed-upon procedures for the qualified production and notify the department of the amount of the credit verified and to be awarded to the applicant within 60 days after receipt. After verifying the amount of the credit to be awarded, if the office determines that an applicant has complied with the terms of the APC, the office shall, within 15 days, issue a TCC to the applicant. Information, records, or other data shall only be considered confidential to the extent that the information or records describe the commercial and financial operations or intellectual property of the applicant, the information or records have not been publicly disseminated at any time, and disclosure of the information or records may put the applicant at a competitive disadvantage. For purposes of this subsection, information or records that describe commercial and financial operations include that portion of information or records that include any expenses that qualify under this section as qualified personnel expenditures, qualified production expenditures, or qualified probationary Michigan vendor expenditures and for which a credit may be claimed.

An applicant or assignee that claims a credit under this section shall submit with the annual return filed under this part on which the credit under this section is claimed a copy of the TCC and, if the credit was assigned, a copy of the assignment form provided for under this section to the department within the same tax year in which the TCC was issued. A credit amount assigned under this subsection may be claimed against the assignee's tax under this part or part 2. A credit amount authorized or assigned to a partnership, limited liability company, or subchapter S corporation under this section or section 677 may be claimed against the partner's, member's, or shareholder's tax liability under this part based on the partner's, member's, or shareholder's proportionate share of ownership or an alternative method approved by the department. If the credit allowed under this section exceeds

the tax liability of the applicant or assignee for the tax year or if the taxpayer claiming the credit does not have a tax liability under this part for the tax year, that portion that exceeds the tax liability for the tax year shall not be refunded but may be carried forward to offset tax liability in subsequent tax years for 5 years or until used up, whichever occurs first. The department shall, as soon as the information is available, annually report to the governor, the president of the Michigan strategic fund, the chairperson of the senate finance committee, the chairperson of the house tax policy committee, the director of the senate fiscal agency, and the director of the house fiscal agency the total amount of the credits claimed under this section that exceed the taxpayer's tax liability for the most recent year that tax information is available and for which returns have cleared and been processed.

(11) The credit under this section shall be claimed after all other credits under this part.

(12) An applicant may transfer and assign all or a portion of a credit awarded under this section to up to 10 assignees. An applicant may claim a portion of a credit and assign the remaining credit amount. A credit assignment can only be made once within the first year after the qualified production certificate of completion is issued, and a credit assignment under this section is irrevocable. The credit assignment under this subsection shall be made on a form prescribed by the department.

(13) The amount of the credit awarded under this section must be reduced by a redemption fee equal to the greater of \$500.00 or 1% of the credit claimed. The redemption fee must be deducted from the credit otherwise payable to the applicant claiming the credit and be deposited by the department in the Michigan film promotion fund.

(14) An applicant that willfully submits information under this section that the applicant knows to be fraudulent or false shall, in addition to any other penalties provided by law, be liable for a civil penalty of not more than the amount of the applicant's credit under this section. A penalty collected under this section must be deposited in the Michigan film promotion fund.

The requirements of section 28(1)(f) of 1941 PA 122, MCL 205.28, do not apply to disclosure of tax information required by this subsection. The report shall include all of the following:

(a) A brief assessment of the overall effectiveness of the credit under this section and section 677 at attracting qualified productions to this state during the immediately preceding calendar year. The office shall verify the independent certified public accountant's report on applying the agreed-upon procedures for the qualified production and notify the department of the amount of the credit verified and to be awarded to the applicant within 60 days after receipt. Information, records, or other data shall only be considered confidential to the extent that the information or records describe the commercial and financial operations or intellectual property of the applicant, the information or records have not been publicly disseminated at any time, and disclosure of the information or records may put the applicant at a competitive disadvantage. For purposes of this subsection, information or records that describe commercial and financial operations

An applicant may claim a portion of a credit and assign the remaining credit amount. A credit assignment can only be made within the first year after the qualified production certificate of completion is issued, and a credit assignment under this section is irrevocable. The credit assignment under this subsection shall be made on a form prescribed by the department.

(12) The amount of the credit awarded under this section must be reduced by a redemption fee equal to the greater of \$500.00 or 1% of the credit claimed. The redemption fee must be deducted from the credit otherwise payable to the applicant claiming the credit and be deposited by the department in the Michigan film promotion fund.

Withholding shall be calculated on the taxable disbursement after deducting from the taxable portion the same proportion of the total amount of personal and dependency exemptions of the individual allowed under this act. Withholding is not required on any part of a distribution that is not expected to be includable in the recipient's gross income or that is deductible from adjusted gross income under section 30(1)(e) or (f).

(2) Every employer in this state required under the provisions of the internal revenue code to withhold a tax on the compensation of an individual, except as otherwise provided, shall deduct and withhold a tax in an amount computed by applying, except as provided by subsection (14), the rate prescribed in section 51 to the remainder of the compensation after deducting from compensation the same proportion of the total amount of personal and dependency exemptions of the individual allowed under this act that the period of time covered by the compensation is of 1 year.
